#### **Agenda Item No.6**

##### Administrative and budgetary matters:

- Consideration of the Budget of the Organization for the financial year of 2024

19. In continuation of previous deliberations, the Council opened the floor for resuming discussion in the matter.

20. The Permanent Representative of the Islamic Republic of **Iran** concurred with the draft Budget 2024 subject to necessary amendment in the document in line with Iran's earlier proposal on new salary structure of A-level Iranian Staff of the Secretariat which, he uttered, is based on requirement of national regulations including on local social security.

21. The Representative of the Islamic Republic of **Pakistan**, while reiterating her previous position regarding restructuring of salaries of the Secretariat's A-level Iranian Staff, requested to avoid amalgamation of the matter with ECO draft Budget. She proposed that the issue of new salaries of A-level Iranian Staff may be discussed at High-Level Committee on Reforms. She mentioned that Pakistan side had already sent a Note Verbale to the Secretariat, explaining their position to discuss all such reform-related issues in an inclusive manner. She further stated that their approach is to objectively mull over every aspect of the proposal with a view to precluding implicative repercussions of the case, if any. Commenting on the social security issue, she inquired whether it is being applied only to ECO Secretariat Iranian local staff and if also applied to other diplomatic offices based in Tehran and outside Iran. Moreover, she questioned the applicability of such social security regulations in other ECO bodies, including the Specialized Agencies of the Organization in Islamabad, Tehran and Istanbul. Besides, she requested the Council to approve the draft Budget 2024, so that smooth functioning of the Secretariat may not be hampered.

22. The **ECO Secretary General** thanked the Representative of the Islamic Republic of **Pakistan** on her support for expediting the Budget's approval process. Seconding her views about the avoidance of joint discussion on two different matters, he said that the proposal regarding new salaries of Iranian A-Level Staff may separately be deliberated. Furthermore, he requested the Member States for expediting the payments of their current arrears and balance of contributions, taking into account the financial constraints of the Organization.

23. The Permanent Representative of the Islamic Republic of **Iran** stated that the Member States were requested to attend a meeting at the Ministry of Foreign Affairs of Iran which was organized to share all requisite information, provide clarifications and mutually discuss the new salaries of A-level Iranian Staff of the Secretariat, conveying that no member country attended the said meeting. He stated that the meeting on the issue may be rescheduled subject to the convenience of the Member States. He clarified

that High-Level Committee is a body with broad and all-inclusive mandate making it eligible to deal with all issues which may be deemed appropriate for its consideration and it is in no way limited to reform related issues. Furthermore, he emphasized that since the A-level Iranian Staff of the Secretariat is covered under social security of Iran, the matter regarding restructuring of their salaries remains the prerogative of Iran being the host and Member of ECO and it does not apply to non- Iranian staff. In this regard, he requested the Council's agreement so that new salaries of A-level Iranian Staff may be finalized to be effective from January 1, 2024.

24. The Representative of the Islamic Republic of **Pakistan** insisted that the matter along with other such issues should be discussed at the High-Level Committee which was specially established to facilitate the process of ECO Reforms and the prospects of cooperation in the region. While discouraging the unilateral approaches for reaching a particular target, she noted that every member country is equally privileged with the same right of participation in any issues of the Organization, ensuring a shared decision-making process thereon.

25. The Chairman pointed out that the High-Level Committee is expected to convene in the 2<sup>nd</sup> quarter of 2024, while approval of the Budget needs to occur by the end of 2023 and may not be delayed till then. He accordingly expressed hope that the consultation meetings to be organized by the Host Country and the Secretariat will facilitate finalization of the issue by the next CPR. the **Council** deferred the draft Budget 2024 for discussion during next Meeting of CPR.

- Recommendations of the Selection Panel

26. Based on the recommendations of Selection Panel, the **Council** approved the following:

Considering the event quite important and relevant to the under-process establishment of ECOPOL, he proposed the participation of the ECO delegation in the said Dialogue Forum. He mentioned that the host side would bear the cost of travelling and accommodation.

28. The **Council** considered and approved the participation of ECO Secretariat in the above mentioned event.

29. The **ECO Deputy Secretary General (Admin, EME, IR and IT)** informed that the 21<sup>st</sup> Session of the Committee for Review of Implementation of the UNCCD Convention (CRIC 21) would be organized in Samarkand, Uzbekistan on November 13-17, 2023. 30. The **Council** considered and approved the participation of ECO Secretariat in the said event.

31. The Representative of the Republic of **Azerbaijan** appreciated the Republic of **Türkiye** for signing the Charter of ECO Clean Energy Center (ECEC) during the 27<sup>th</sup> Meeting of the COM in Shusha. It was further recalled that 12<sup>th</sup> ECO Ministerial Meeting on Transport would also be convened in Tashkent on November 1-2, 2023.
